Tour Duration:25 days

OVERVIEW

In 2006 Travel Directors became the first western company in the world to escort groups on the Himalayan Express and today this trip is one of our most popular. Our 25-day itinerary is a spectacular journey by rail and road across the roof of the world.

Our journey begins in the eastern gateway of the Silk Road, Xian, where we visit the famous Terracotta Warriors, discovered by farmers in 1974. We then take a bullet train to Xining where we board the unique oxygenated train, 'The Himalayan Express', for the historic journey to the capital of one of the world's most mysterious countries, Tibet. En-route we pass through extraordinary mountain landscapes as the train rolls on to Lhasa. The next leg of our journey takes us into the very heart of the Himalaya as far as Rongbuk, the Everest base supply camp on the remote north face, then on to neighbouring Nepal, another fantastic Himalayan kingdom. Finally we venture to an even less-visited and completely unspoilt nation, the ancient Kingdom of Bhutan – the world's last Shangri-La!

Often referred to as 'the bright pearl in the roof of the world', the Potala Palace is the traditional winter home of the Dalai Lama. After lunch we drive the short distance to the extraordinary Sera Monastery. As a part of their study, lamas here must participate in debates to further their comprehension and proceed to more advanced levels of study. The debating traditions in the Sera Monastery are unique and provide an amazing spectacle. In a battle of words, the lamas supplement their efforts by using a variety of gestures including clapping their hands, pushing their partners for an answer, or plucking their prayer beads to win the virtue of the Buddha.
